

Step-by-Step Detailed Directions

6 in 1 Baby Blanket Cover

1 Make sure the carrying handle of the infant car seat is in the locked position. You'll know it's locked when you cannot move the carrying handle forward or backwards. Then, be sure that the sunshade is fully extended (or open).

2 Open the Babee Covee and lay it over the infant car seat having either the pattern or the soft cuddly fabric facing upward. Make sure the blanket is centered on the car seat over the carrying handle.

3 Unfasten the Velcro from the flap. Place the flap under the carrying handle bar and re-fasten the Velcro for security.

4 Take one of the ties from one side of Babee Covee, loop it around the carrying handle bar at the base of the carrying handle and make a simple knot. Repeat on the other side.

Infant Car Seat

Stroller Blanket

1 Open Babee Covee and fold in half horizontally. Choose either the pattern or soft and cuddly fabric facing up.

2 Lay it over on the baby/toddler lap. Take one of the ties from one side of Babee Covee, loop it around to any immobilized adjacent bar and make a simple knot. Repeat on the other side. Can be used on a single/double side-by-side/double tandem stroller.

3 Adjust Babee Covee according to your needs.

1 Open the Babee Covee and lay it over the high chair. Choose either fabric side of the Babee Covee.

2 Unfasten the Velcro from the flap. Place the opening of the Babee Covee towards the leg holes of the high chair.

3 Adjust the Babee Covee so that it covers the inside seat of the high chair, including the flap. Take one of the ties from one side of Babee Covee, loop it around to any immobilized adjacent bar and make a simple knot. Repeat on the other side. Re-adjust for additional needs once you place your child in the high chair.

High Chair Cover

Nursing Cover

1 Unfasten the Velcro from the flap. Choose either the pattern or soft cuddly fabric facing out.

2 Drape Babee Covee over the mother's head. Make sure the flap is on the backside.

3 Adjust Babee Covee according to your needs once you place your infant underneath to nurse.

Shopping Cart Cover

1 Open the Babee Covee and lay it over the shopping cart seat. Choose either the pattern or soft cuddly fabric facing out.

2 Unfasten the Velcro from the flap. Place the opening of the Babee Covee towards the leg holes of the shopping cart.

3 Adjust the Babee Covee so that it covers the inside seat of the shopping cart, including the flap.

4 Take one of the ties from one side of Babee Covee, loop it around to any immobilized adjacent bar and make a simple knot. Repeat on the other side. Adjust for additional needs once you place your child in the shopping cart.
